

LONELINESS IN BEING FUNNY SAYS COMEDIAN IN SHOW

Great Comedian in "The Rainbow Girl" Talks Interestingly on the Subject of Being Funny Audiences.

"There is a great loneliness in being funny," thinks Sam Sidman, the first comedian of "The Rainbow Girl," coming to the Washington Theater on Thursday evening. He goes on to enlarge upon the subject:

A comedian can have few friends. He dare only cultivate the people with understanding hearts. Many a time when I have been visiting a friend's home the soul of my body has gone right down into the sole of my shoes. One glance at my hostess' face, and my peace of mind was ended. I read her thoughts, and I knew that I was expected to be funny.

"One day, while lunching with some friends, I noticed their little boy had a writing pad, and a pencil beside him. As he looked up at me with his wistful blue eyes I thought how dreadful, he must be deaf and dumb, and that his parents wrote their wants to him. After luncheon his mother told me the little fellow had been commissioned by a school-boy friend to write down every humorous remark I had made at luncheon. The poor little man returned to school, with an unused writing pad, and a well sharpened pencil.

"I could write a volume on the seriousness of a comedian's love affairs. I have heard all about the course of true love never running smoothly. I personally, cannot even cause a ripple on the water. I advise all comedians to make love by correspondence, but they must not make the fatal mistake to send a photograph.

"My one experience of facing a beautiful woman uninvited me. She was a magnificent creature, yet a funny man dared to love her. I offered her my hand and heart. I felt sure my very soul was in my voice, and eyes, so much was I in earnest. She let me pour out my love to the bitter end. I greedily looked into her eyes for my answer. Her whole face twinkled with laughter. As she raised her fan, and slapped me on the head, she said:

"Oh, Mr. Sidman, you are a treasure. You are just as funny off the stage as on. Now when I see a beautiful woman I vanish."

TWO MORE CONVICTED IN WHISKY CONSPIRACY

Judge Cochran Sentences Two More, One an Ex-Policeman, in Latonia Whisky Theft.

James Brombach, former Covington patrolman, and Gue Barker, driver, yesterday entered pleas of guilty to a conspiracy indictment charging them with aiding and abetting in the removal of fourteen barrels of whisky from the warehouse of the Latonia distillery last January.

Judge Cochran immediately sentenced Brombach to serve four months in jail and Barker to serve thirty days in jail. They were represented by Attorneys Lowie F. Brown and T. Jeff Edmonds. The two men were indicted for complicity with ten other Covington men, who have been convicted. Some have served their sentences, while others are now in the Maysville jail. Three have appealed their cases to the higher court.

Judge Cochran impaneled a grand jury composed of the following members: Arch J. Bailey, foreman; S. F. Jones, C. A. Meek, J. M. Heldreth, W. W. Blaine, C. H. Tanner, Edward Gentry, Daniel Roe, T. K. Hart, George Salter, Frank Houston, Michael Cross, W. F. Gaudin, W. B. Bell, B. T. Henry and R. F. McKeeney.

CUT THIS OUT.

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritable, worn out or looks haggard and pale, to make a strong robust, vigorous healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The lack of phosphates is the cause of all chronic conditions and the administration of five-grain Argo-Phosphate Tablets will increase the strength and endurance 500% in a few weeks time in many instances. CITIZENS DUTY IS TO USE THE BALLOT, SAYS HARDING

Crowd at Senator's Front Porch On Monday Estimated at 50,000 to Discuss on Voter's Obligations.

Marion, Ohio, Oct. 18. — The long succession of political pilgrimages to Senator Harding's front porch reached high tide today in a gathering that deluged Marion and swirled about the vicinity of the Harding home in a roaring human whirlpool.

So great was the crowd that its fringes packed the street a block away and hundreds were unable to get close enough to head the nominee's speech on the obligations of the American voter. An estimate prepared by Harding Headquarters placed the attendance at more than 50,000.

Delegations from many states and representing many special groups were in the crowd, which paraded to the Harding residence shouting and singing and greeted the candidate and his wife with an uproar of political enthusiasm. More than a score of bands marched with the paraders and serenaded the nominee for two hours after his address, while he and Mrs. Harding stood on their front steps and shook hands with a stream of visitors.

The Senator's speech, largely devoted to a non-political discussion of the obligations of the American voter, was addressed particularly to those who are to exercise the ballot this year for the first time. He pronounced use of the franchise a duty as well as a privilege, and urged that the two-party system be preserved as the most practical means of securing efficient government. New women voters he asked especially not to segregate themselves in a party of their own.

FARMERS WILL LOSE MILLIONS, REPORT SAYS

Secretary Meredith Tells of Great Cut in Crop Values—Urges Bankers' Assistance.

Washington, October 19. — Shrinkage in the value of farm products so far this season will result in American farmers receiving \$2,500,000,000 less than they would have obtained on the 1919 price basis, Secretary of Agriculture Meredith said today, addressing the American Bankers' Association annual convention.

Mr. Meredith estimated that the fall in corn prices had involved \$1,000,000,000 loss to producers, while the decrease in cotton price amounted to \$333,000,000. The situation was further made harder for farmers, he said, because the labor and materials necessary to crop production had been supplied in the high price period.

"The American people must see to it that the farmers obtain credit sufficient for their needs," Mr. Meredith continued. "Only thus can they continue to supply the nation's need for food."

He urged that bankers assist cooperative farmers' enterprises.

STATE UNIVERSITY
IS CHOSEN FOR
HEALTH WORK

Government Selects Kentucky University as Place For Promotion
Of Sex Education.

The University of Kentucky has been chosen by the government to be one of the educational institutions of the country to discover more effective measures in promoting sex education. In doing this work the University will receive assistance from the Interdepartmental Social Hygiene Board, including financial assistance.

It will establish a department of social hygiene which has been designed primarily for the training of teachers, but which is intended also to reach every student in the institution. Its curriculum will include courses and conferences in informational sex hygiene and its direct personal and group applications. Due and tactful emphasis will be placed on the seriousness of venereal diseases, their causes, carriers, and means of prevention.

In doing this work as a feature of its campaign to control venereal diseases, the Board has taken the position that education as a means of preventing these diseases should be developed not by placing special and dramatic emphasis on the subject, but by giving it normal consideration and studying it in its proper relation to other divisions of hygiene. It believes that the greatest amount of good can be achieved through preparing the classroom teacher as thoroughly in general hygiene as he or she is prepared in English or mathematics.

It is with these principles in mind that the government through the Interdepartmental Social Hygiene Board proposes to assist any state in the Union to establish in one of its state normal schools, state colleges or state universities that trains teachers a department of hygiene that will reach every prospective teacher in training in the institution.

Tobacco Notice

Experience has taught us that Tobacco handled properly in the barn and GRADED there always makes the most satisfactory sales.

As Warehousemen we have an interest in the Grower and want tobacco to sell as high as possible, therefore we have decided to DISCONTINUE THE WAREHOUSE SORTING and request all to KEEP THE DIFFERENT GRADES SEPARATED, and mark on the wagon with Tobacco Stalks, Corn Stalks, or Paper, so that it can go directly on the basket without the formality of passing over a bench and scattered over the Warehouse floor.

This method is used by the largest market in the state, and we feel that with the co-operation of all Growers in this territory the results will justify the change.

Quit Laxatives,
Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.
Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.
Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold everywhere and recommended by your druggist.

WISDOM OF WASHINGTON.

"Why quit our own to stand upon foreign ground? Why, by interweaving our destiny with that of any part of Europe, entangle our peace and prosperity in the toils of European ambition, rivalry, interest, humor and caprice?"

THIS IS THE TRUTH.

A Democratic newspaper in Kentucky says: "Persons who are not partisans are predicting the election of the Democrats on November 2." "Yes, brother, but where are any persons who are NOT partisans? You have spoken a mouthful of the truth!"

IN THE DAY'S NEWS.

On eof the most widely known jurists of America is Judge Walter Henry Sanborn, of St. Paul, who celebrates his seventy-fifth birthday today. For more than a quarter of a century Judge Sanborn has sat on the bench of the United States Circuit Court and bred a farmer's boy in New Hampshire, the future jurist worked his way through Dartmouth College, graduating as valedictorian in 1867. Then he taught school and studied law, and in 1871 began practice in St. Paul. During the next twenty years he was a busy and successful practitioner appearing as counsel in nearly five thousand cases. Then, in 1892, he went on the Federal bench by appointment of President Harrison. Many of Judge Sanborn's opinions have been of prime importance, and some are original in their authority. During the latter part of the '90's he acted the receivership of the Union Pacific Railroad, in which position he distributed \$250,000,000.

SCHOOLS STAND STILL

Everybody and everything appear to move forward while the rural school stands still. Few people ride in buggies or surries these days; but the children go to pretty much the same kind of school their parents attended.

That this tendency to let the schools stand still is the same in many portions of the country can be seen from the following extract from a letter written the Bureau of Education at Washington by Governor W. L. Hurd, of the great and progressive state of Iowa:

"I spent a week last September visiting one-room country schools. I was amazed at the small progress that had been made in the last 20 years in these schools. I was equally amazed at the interest manifested by the people who supported these schools, doing whatever was necessary to improve them."

AUTOS OR SCHOOLS, WHICH?

Even big, rich New York City is beginning to realize that her schools and her teachers are not getting a fair deal. Here is a statement recently published in School Life. It does not speak of rural schools; but the reader can mentally change the figures to suit his or her local conditions and the shoe will fit all right.

"Of the 2,000,000 new automobiles of the pleasure-car type, valued at approximately \$2,000,000,000, that will be sold in the United States during the present calendar year, it is conservatively estimated that New York City alone will purchase 50,000, valued \$50,000,000. It is estimated that there are in the city of New York 100,000 chauffeurs, whose salaries will amount to approximately \$150,000,000. Garage charges (there are 240,000 cars, approximately, in the city) will be not less than \$25,000,000, probably much more. Certainly a community that can afford to pay nearly a quarter of a billion dollars a year for pleasure-car service can manage to provide the teachers of its 800,000 children with a decent living. Ideally, the \$35,000,000 paid our teachers for the year 1919 is a bagatelle by comparison."

SMEDLEY DISCHARGED.

George Smedley, the soldier who registered from Maysville and attempted suicide last Sunday night week ago in the Reed Hotel, at Lexington, by taking bichloride of mercury, was discharged from St. Joseph's Hospital, Lexington, Saturday afternoon as recovered. He was able to walk and said that he was going home to his wife, who lives in Ohio. Notes were found in Smedley's room addressed to his mother and his wife, and written on the backs of photographs. He asked his mother to be good to his wife, and told his wife that he was committing suicide to free her.

BETTER SCHOOLS IN NORWAY

Some of the nations on the other side of the Atlantic are pushing ahead in the practical education of their children. Besides school work, children are taken on long excursions so they may become acquainted with what other people are doing in other localities. All of which proves conclusively that we in America must make our schools real schools for real 20th Century children.

The following extract from School Life will give the reader an idea of these excursions which are being developed for school children in Norway:

"Excursions of pupils which were much in vogue before the war are again conducted and on a much larger scale than formerly. During the summer vacation many of the school buildings are opened as 'travel bureaus.' The seats and desks are moved out or placed out of the way, and the schoolhouse is equipped as a pupils' hotel. 'Folkeskolen' reports that an arrangement like the following has been found satisfactory: A certain schoolroom in Stockholm is furnished with 22 cots, mattresses, pillows, and blankets, and 6 washbasins. These arrangements accommodate a group of 20 pupils, with the 2 teachers in charge. Towels and sheets are brought by the travelers themselves.

"Every school in the cities is furnished with a school kitchen. Permission is given to the travelers to use this and the cooking utensils in preparing breakfast. The midday meal is taken at some of the inexpensive, and yet very good, hotels that are found at all principal points. All arrangements are made beforehand, so that each bureau and hotel knows when every party is to arrive.

"Boys and girls travel separately. If the trip is short, it is made on foot; if longer, the boys use bicycles. Trips to more distant parts requiring 10 days or 2 weeks are made by rail or steamboat. It is always possible to get very much reduced rates for a school excursion. Pupils from different countries visit each other in this way; the present season will bring pupils together from Norway, Sweden, Denmark, Finland, Holland and Germany."

Ledger Service—Efficiency

REAL RELIGION IS SHOWN BY WOMEN

Nashville, Tenn. — First honors in the payment of this year's pledges to the Baptist 75 Million campaign belong to Mrs. Mary Collier of Kewanee, Mississippi, who at the age of 92, went to the field and picked cotton two days to make \$1 with which to meet this year's share of her obligation. It is announced at campaign headquarters here.

Mrs. Collier has been a member of the Salem Baptist church in Lauderdale county, four miles from Kewanee, for 72 years, having united with it when she was twenty years old. She has lived to see the fifth generation of her posterity and is still interested in the regular church services. During the recent protracted meeting in her community, she attended every service except one, though to do so she had to travel a distance of five miles.

BISHOP ANDERSON FLAYS WILSON LEAGUE.

Marion, O., October 18. — Senator and Mrs. Harding were present at the Epworth Methodist Episcopal church to hear Bishop William F. Anderson of Cincinnati denounce the League of Nations. He placed squarely upon President Wilson's shoulders the failure of ratification. "The President would have accepted the reservations of the Senate if he had cared more for the League of Nations than he cared about having his own way," Bishop Anderson said.

California is no longer to enjoy a monopoly on winter baseball. The Florida West Coast Winter League has been organized and will start its initial season November 11 with teams in Tampa, St. Petersburg, Sarasota and Tarpon Springs.

Kentucky's Boxing Board of Control is not inclined to favor the pulling off or so-called championship fights in the Blue Grass state, but on the contrary has adopted a policy of encouraging frequent bouts at popular prices.

The new Pacific International league is satisfied with the success with which it met in its first season and is planning to be in the field again next year, possibly with one or two changes in the circuit.

With all home run records, major and minor, eclipsed, it looks as though "Habe" Ruth will have nothing in particular to shoot at next season, aside from an endeavor to break his own record.

Goes On Trial For Killing Wealthy
Lexington Merchant.

Lexington, Ky., Oct. 19. — George Rose, 65 years old, constable, Monday was placed on trial in the Circuit Court for the slaying of E. L. March, wealthy furniture merchant, who had been indicted charged with assaulting Rose's 14-year-old granddaughter.

Women composed half of the crowd which packed the courtroom. Rose's wife and daughter were seated beside him.

A jury was obtained at 4 o'clock Monday afternoon after ninety-three talesmen had been examined. Only four witnesses were heard Monday.

According to Mrs. Ben R. Tucker mother of Mary Margaret Rose, a strange woman induced her daughter to apply at March's store for a position and March took her to a room on the third floor and attacked her.

Rose has made no statement since the shooting. He has been out under \$5,000 bond.

**FORMER BOOSTER
OF COX IS NOW FOR
SENATOR HARDING**Organizer of Cox For President Club
In Kentucky, Says He Can't Con-
tinue Support of Cox.

Richmond, Ky., Oct. 19. — Like the dropping of a bomb in the camp of the enemy came the announcement Monday afternoon from Webster P. Huntington, a life-long Democrat, editor of the Toledo, Ohio, Times, that he would support Harding and Coolidge. Because of his prominence in Democratic politics his statement created a sensation.

The announcement came under dramatic circumstances. Mr. Huntington joined the governors' special train at Mt. Sterling this morning listened to the speeches of Governors Coolidge and Morrow. When near Richmond he was invited to introduce Governor Coolidge at Richmond. From the rear end of the car in that city, in the presence of 2,500 people, he made the declaration that is certain to create consternation in the Cox camp.

Colonel Huntington married a Mt. Sterling girl. He is a member of an old Kentucky family and a man of wide influence in this state as well as in Ohio. It was he who organized the first Cox for President Club in the Bluegrass state. It was formed at Mt. Sterling the day after Cox was nominated. For many years past he has been an ardent worker and a leader in the Democratic party, having managed the Democratic campaign in Ohio several years ago.

In the Richmond speech, he said: "My Republican and Democratic friends, for I hope this assemblage is made up of all parties, men and women. The issues involved are not in any material sense partisan. The issues are wholly and truly American. I introduce myself as a citizen of Ohio. For more than twenty years I have been a friend of both the candidates for the presidency. The traditions of all my life have been Democratic, but events since the San Francisco convention and in the campaign are such that I can follow that candidate and that party no longer. Ohio is the mother of presidents, the incubator of candidates, but sometimes a mother has a wayward son. Ohio now turns her eyes toward Marion and says here is my well-beloved and deserving son, Warren G. Harding. It is my privilege now to introduce to you one whose name was a household word in America long before he was a candidate for vice president, the great governor of Massachusetts, Calvin Coolidge."

Before Governor Coolidge could proceed with his address he was compelled to wait several minutes until the cheering that greeted Mr. Huntington's announcement subsided.

There were 300 converts at the Gypsy Smith revival in Louisville last night.
